

INFORMATION RELEASE
October 25, 2021

State reports 45 new COVID-19 cases for Juneau Oct. 23 thru 25

The Alaska Department of Health and Social Services (DHSS) reports 45 new individuals in the Juneau community – 44 residents and one nonresident – identified with COVID-19 for October 23 thru 25. According to Juneau Public Health, there are about 148 active cases (down from 205 [on Friday](#)). Of those, 49 cases are from individuals age 18 or under and 32 cases are from individuals under 12. The age range of positive cases is from under 1 to mid-80s. There are [currently](#) four people with COVID-19 hospitalized at Bartlett Regional Hospital.

The Juneau School District reports three new individuals who've tested positive for COVID-19 and were infectious while in school or as a result of a school-related activity:

- two at Juneau-Douglas High School: Yadaa.at Kalé (extracurricular activity related exposure)
- one at Juneau Community Charter School (no classes quarantined as a result)

COVID-19 cases related to schools are posted on juneauschools.org (click on the green "COVID-19 Cases" block).

Statewide, [DHSS reports](#) 1,686 new people identified with COVID-19 – 1,661 are residents and 25 are nonresidents – for the past three days. The state also reports five recent deaths bringing the total number of resident deaths to 678:

- Male Kodiak resident in his 50s
- Female Anchorage resident in her 50s
- Male Anchorage resident in his 50s
- Male Wasilla resident in his 40s
- Female Anchorage resident in her 70s

Alaska has had 129,740 cumulative resident cases of COVID-19 and a total of 5,212 nonresidents.
