

155 S. SEWARD STREET ▪ JUNEAU, ALASKA 99801 ▪ 907-586-5240

## INFORMATION RELEASE

February 7, 2022

### **Capstone continues to offer free COVID-19 vaccines at Juneau airport every day**

Capstone Clinic continues to offer free COVID-19 vaccines at the Juneau International Airport seven days a week, now during the hours of 10:30 a.m. – 7:30 p.m. Simply walk in or make an appointment at [www.covidsecureapp.com/capstonevax.html](http://www.covidsecureapp.com/capstonevax.html). Capstone Clinic is contracted by the State of Alaska to administer COVID-19 vaccines to anyone in Juneau – ages five to adult – at the Juneau airport.

Capstone offers the following [vaccines](#) and [boosters](#) at the Juneau International Airport:

- Pediatric Pfizer vaccine for ages 5 – 11
- Pfizer vaccine and booster for ages 12 and up
- Moderna and Johnson & Johnson vaccines and boosters for ages 18 and up
- Additional Pfizer shot for [immunocompromised people](#) ages 12 and up
- Additional Moderna shot for [immunocompromised people](#) ages 18 and up

Individuals using short-term parking at the Juneau airport to get a COVID-19 vaccine or booster will get their parking ticket validated. Bring your parking ticket inside and a Capstone Clinic staff will stamp it for free parking.

Also, if you are getting a second dose or booster, please bring your vaccination card with you.
